

CMC PROJECT MANAGER/DIRECTOR EARLY DEVELOPMENT

2 Bridge company

2 Bridge is a Belgian-based service provider in life sciences, that provides advice and support on all key disciplines in drug discovery, pre-clinical, clinical and product development, registration and life-cycle management.

2 Bridge works as a dynamic and adaptable team that has a wide and multidisciplinary expertise in healthcare development. We can give individual support or can operate as a 'Tiger team' to address complex and dynamic tasks during drug development.

Job description

We are looking for a CM&C project manager/director with experience in early development of small and/or large molecules to strengthen the CM&C team of 2 Bridge. Projects within this group can vary but usually fall within the following scope:

- Experience with chemical/biological process development and/or formulation development.
- Experience in physico-chemical analysis of biologicals/chemicals and knowledge of different analytical techniques used for release and stability testing.
- Management/Leading of early development CM&C projects in multidisciplinary drug development teams.
- Identification, selection and management of C(D)Mos
- Preparation of Scientific, Technical and Regulatory documentation within the area of CM&C.

Desired profile

MSc/PhD in Bio-medical sciences, Bio-engineering, Biology, Industrial Pharmacy, Chemistry, or equivalent.

Manager profile: Ideally 3-5 years of experience within CM&C product development, registration and/or within a GMP production environment of large/small molecules.

Director profile: at least 10 years' experience within CM&C drug development, registration or GMP production.

Knowledge and/or interest in pharmaceutical legislation (ICH/GMP,...).

Team-player with the ability to work independently.

Analytical, pro-active, flexible and with an eye for detail.

Interest in the overall process of health care development is a must.

Interested in working in a multidisciplinary team.

Enthusiasm with a keen interest to learn new things.

Good communication skills.

Fluency in English (especially in writing) is a must.
