

Trial Physician

2 Bridge is a Belgian based service provider that provides scientific support, project leadership and due diligence services for pharmaceutical and health product development, registration and production.

At the moment, we are looking for a **Trial Physician** to strengthen the Medical Team of 2 Bridge. Projects within this group can vary, but the role of a Trial Physician is usually focused on leading and managing the medical activities related to a clinical study with internal and external partners.

Main Responsibilities:

- Medical/Scientific input in clinical trial protocol: design, in- and exclusion criteria, safety follow-up, input in medical indication (SOC, guidelines, treatment), input on effect size, patient population;
- Evaluate eligibility of patients/subjects;
- Follow-up on adverse events, serious adverse events during trial execution;
- Deliberation with Investigators, EC, HA, KOL;
- Input in dose-escalation meetings/data review committees;
- Review of medical reports, CIOMS;
- Input in and review of Clinical Study Report;
- Input and/or review on clinical procedural documents and processes.

Desired Profile:

- Medical Doctor;
- Minimum of 5 years of experience in clinical research within the pharmaceutical industry and/or CRO;
- Team-player with strong communication and motivational skills;
- Analytical, pro-active, flexible with an eye for detail;
- Ability to work independently;
- Fluency in Dutch and English is a must.

We offer an exciting job in a dynamic environment with a competitive remuneration package.

Interested? Then please send your motivation letter and CV to info@2bridge.be or fill in the contact form on our website, www.2bridge.be.
