

GxP Quality Manager

2 Bridge company

2 Bridge is a Belgian-based consultancy company that provides advice and support on all key disciplines of healthcare product development (discovery, pre-clinical, clinical and product development, registration and life-cycle management). We work globally with startups, biotech, medtech, pharma, and investors.

2 Bridge typically operates via flexible and cross-functional teams, aligned to the project need. Our broad and multidisciplinary expertise allows to address the most complex and challenging tasks during development. For more information, please visit: www.2Bridge.be.

Job description

We are looking for a GxP Quality Manager to strengthen the quality team of 2 Bridge. The ideal candidate will be able to provide advise and support quality oversight activities within an outsourced development model. Quality oversight activities can be required both on GMP/GLP or GCP activities.

Key activities of a Quality manager are:

- Development, maintenance and continuous improvement of the electronic Quality Management System (eQMS) of 2 Bridge.
- Participate to the review and the issuance of QMS documents (policies, procedures,...)
- Manage quality activities within eQMS
- Set-up and manage self-inspections
- Perform other Quality Assurance activities linked to specific client GxP project activities (GMP/GCP/GLP)
- Manage the implementation of new QMS at Sponsors

You will work in a non-hierarchical environment that highly values teamwork and where you will have the freedom to shape your role.

Qualifications/Desired profile

- MSc/PhD in (Industrial/Hospital) Pharmacy, Bio-medical sciences, Bio-engineering, Biology, Chemistry, or equivalent.
- 1 – 3 years prior-experience within quality management is highly recommended, although industry-starters with the right mind-set will also be considered.
- Knowledge and/or keen interest in pharmaceutical legislation (GxP).
- Project management skills, good organization and planning skills.
- Analytical, pro-active, flexible and with an eye for detail.
- Interest in the overall process of health care development is desired.
- Interested in working in a multidisciplinary team.
- Enthusiasm with a keen interest to learn new things.
- Good communication skills.
- Fluency in English is a must.

What we offer

- You will be contributing to our ambitious growth plans.
- You will be part of an enthusiastic team where human interactions, teamwork and bringing together different perspectives are highly valued.
- You will work in a small, but growing organization with an informal and non-hierarchical way of working.

How to apply

CV, motivation letter where you:

1. Introduce yourself
2. Explain why you are interested in the job
3. Outline why you think you are the right candidate

Interested? Please send your motivation letter and CV to hr@2bridge.be.
